

Clinton Historical Preservation Commission  
Minutes of meeting  
July 15th, 2009

Members present- Miller, Leddy, Platt, Hansen, Baka, Wood, Crawford-Jones

JWS Computers was here at Rose's request and found the donated computer is not workable for us. She looked into a new one for our purchase, and will remind the town that they once promised us one.

Bob at JWS will next recommend a scanner.

SHPO visited town today and was glad to see the successful renovation of 47 Leigh St.

Art Dysart has been too busy to do the entire cabinet renovation, but has begun it.

Laurie Insel will be writing some grant proposals and needs Gebhardt Field photos as well as waterfall photos. We will search for them this evening.

Dorothea is still pursuing the Campanelli print.

Holly Lione has been contacted about the sticker JPEG.

There will be no August 2009 meeting.
