FROM THE MAYOR

**JANICE
KOVACH**

As we go into the last quarter of 2019 and the craziness of the holiday season, I have to look back on what this year has brought to Clinton. The council and land use board are moving forward with redevelopment designations for two high priority properties. Global Ag (which has been empty for close to 15 years) finally has an owner interested in breathing new life into it. While renderings have been shared on Facebook,

we are still awaiting the application to be presented to the Land Use Board for hearings.

The A&P property is also receiving a redevelopment designation and is now under contract. And while every effort was made to lure a food store since the A&P closure four years ago, it unfortunately did not work. However, as part of the redevelopment, the property will be mixed use with commercial downstairs and apartments above. The existing

building will also come down and the new structure will be moved closer to the street for better streetscaping and parking behind.

In addition to this on-going work, we have launched our new website and revitalized the town newsletter. Using our open space funds and grants, we have also kicked-off plans to provide a facelift to our town playground, which has been a staple in Clinton for as long as I can remember.

As always if you have questions or concerns please reach out my cell is 9083998921 or email jkovach@clintonnj.gov or any of the other councilmembers. Wishing everyone a happy, safe and healthy holiday season.

CHRISTMAS TREE COLLECTION

CHRISTMAS TREES will be collected curbside the first 2 weeks of January.

SNOW ROAD CLEARANCE

As winter is approaching, we want to remind residents to remove all vehicles from the public roadways during a snow event. This will allow Public Works employees to safely and effectively plow all of the snow from the roads.

For those residents with portable basketball net placed along the street, we ask all residents to consider relocating the nets

during a snow event as they can pose a hazard to municipal vehicles. Due to the physical size of the equipment needed to perform these services, it can be difficult to operate the vehicles while trying to maneuver around the basketball nets. The relocation of the nets will allow municipal employees to safely remove the streets of snow while ensuring that vehicles/equipment, as well as your basketball net, do not get damaged.

We thank you in advance for your assistance.

AFFORDABLE HOUSING

If you know anyone who may be eligible to qualify for affordable housing, please visit the Clerk's Office to fill out an application, or download one directly from our website at www.clintonnj.gov/forms.html.

These units offer a valuable opportunity for income qualified participants to become homeowners in Clinton. We encourage anyone looking for affordable housing to get "pre-qualified" through the Town, so when units become available, you are ahead in the process.

OUR PAST AND OUR FUTURE

THEN AND NOW

Main Street in 1917

Following the Great Fire of 1892, Main Street was rebuilt, using stone and bricks instead of wood, and elevating the first floors of the new buildings to mitigate the periodic flooding from the South Branch River. Clinton was a bustling manufacturing town and popular crossroads

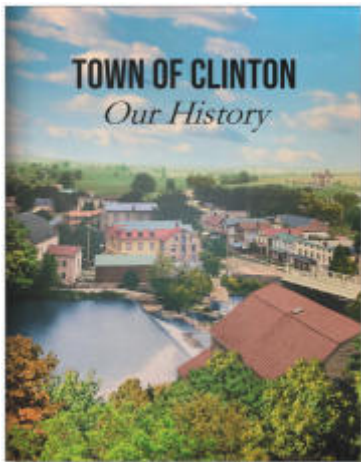

Main Street in 2019

Despite the modern improvements, such as asphalt pavement, electric street lights, and vehicles driven by significantly more horsepower, Clinton's Main Street looks remarkably similar more than one hundred years later. The town remains a busy crossroads and is both a sought-after family-friendly community and a popular destination for visitors.

HISTORIC PRESERVATION

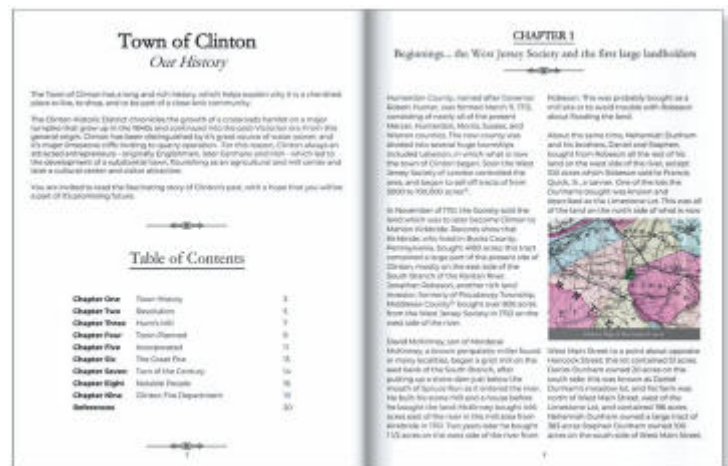

FREE HISTORY OF CLINTON BOOK

The new website for Clinton provided us an opportunity to improve the historic information about our town.

One example is this new illustrated book on the History of Clinton, found at www.clintonnj.gov/historic-commission/pages/history

The Clinton Historic Preservation Commission exists to maintain, advise and offer guidelines to preserve and maintain the historic nature and character of the town. We currently have two open seats to fill. Visit clerk's office for more info.

RECREATION

Summer Rec Expands to Offer Full-Day and Wrap-Around Care

Calling all CPS parents and caregivers!

This year's Summer Recreation Program for Clinton Public School (CPS) children in K-7th grades is scheduled from June 29 - July 24, Monday-Friday (except Friday, July 3) at Clinton Public School.

The Recreation Commission is excited to announce the program is expanding in 2020 to include **FULL-DAY (9 a.m. to 4 p.m.) and WRAP-AROUND CARE (7:30 a.m. to 5:30 p.m.) options that will allow more of our town's young residents to participate in this trusted and affordable summer tradition. Please note that the 9 a.m. to noon program will still be an option for families.**

Our four-week program will continue to operate out of CPS and feature many of the familiar engaging activities, contests, workshops and demonstrations, as well as new programs that focus on conservation, cooking

and more. This summer, in addition to half-day trips, new full-day excursions – including those to Allentown's Da Vinci Science Center, a Somerset Patriot's game, Riegel Ridge Community Pool and more – will round out the expanded schedule.

Glen Gardner caregivers and parents, please note: Bussing to and from the HALF DAY program will still be available in 2020. Bussing to the FULL DAY program will also be provided, however Glen Gardner students will need to be picked up at CPS at the end of each day as bussing home from the FULL DAY PROGRAM WILL NOT be provided.

MARK YOUR CALENDARS: Registration and pricing will be available January 1st. Look for flyers coming home from CPS with your child after the holiday break. In person registration for ALL trips will be held on March 19th. Employment opportunities will be posted in April.

HEALTHY ENVIRONMENT

ENVIRONMENTAL COMMISSION

SINGLE-USE PLASTICS

Single-use plastics (SUP) may represent the epitome of today's throwaway culture. Just nine per cent of the world's nine billion tons of plastic has been recycled. Most of our plastic ends up in landfills, waterways, and the environment.

Examples of SUPs include:

- ◆ plastic forks and knives
- ◆ plastic shopping bags
- ◆ plastic coffee cup lids
- ◆ plastic water bottles
- ◆ plastic straws
- ◆ Styrofoam and plastic take out containers

Plastics do not biodegrade. Instead they slowly break down into smaller pieces of plastic called microplastics. It can take thousands of years for plastics and Styrofoam to decompose. In the meantime, it contaminates our soil and water. Plastic items like bags and straws choke wildlife and block animals' stomachs. The toxic chemicals

used in plastic gets transferred to animal tissue, eventually entering the human food chain.

The Environmental Commission is developing a program for 2020 to encourage the drastic reduction of single-use plastics use in town.

2020 GREEN TEAM

Clinton is building its 2020 Green Team, part of the Sustainable Jersey certification program to improve New Jersey towns and build sustainable communities

SHADE TREE COMMISSION

SPOTTED LANTERNFLIES

Pest Bulletin: Property Maintenance to Keep Spotted Lanternflies Away

Hunterdon County and the Town of Clinton have a new insect pest, the Spotted Lanternfly. It is large enough to be mistaken for a moth.

This is a known pest to a number of crops, including grapes and fruit trees. It also affects forest and shade trees, and it tends to swarm people and animals. It exudes honeydew in large amounts, which then mildews, smells badly, and can coat and kill plants under infestations.

If this sounds like something you don't want on or near your property, then this winter is the time to act. The Spotted Lanternfly lays egg masses on the sides of large trees (not Christmas trees), rocks, benches, or really anything else that doesn't move.

Take a good walk through your property after the first frost and look for the egg masses. Scrape them off into a small bag with

some bleach, alcohol, or hand sanitizer in it. When you are done, put that bag securely in another bag and throw it away. Also, do the same for any new firewood, stone, benches, or anything else that doesn't move. Make sure to check that for egg masses after it gets delivered and treat it as described previously.

Although these pests will be part of life in Clinton for a while, by working together we can make this "less bad."

EMERGENCY SERVICES

FIRST AID & RESCUE SQUAD

Holiday Safety

With the holidays upon us, the Clinton First Aid & Rescue Squad would like to remind everyone of some safety tips while preparing our houses, both inside and out. As emergency responders, we like to occasionally share some injury prevention messages to our community, and hopefully eliminate the need for us to meet after an injury occurs.

Hanging Decorations

Falling while hanging lights or other decorations is a leading cause of holiday-related trauma. If you are so inclined to decorate, make sure you use a sturdy ladder and not items such as boxes or chairs to stand on, never touch

electrical lines, and always have someone with you to hold the ladder and be your spotter.

Keep Small Objects From Small Children

Small objects are a constant hazard to infants and toddlers. Something as simple as an ornament or that new marble track gift for your young child can be a potential foreign body airway obstruction for the small child.

Fire Awareness

Make sure burning candles are never left unattended. Ensure an adult is present in any room where there are children and open flames. Before burning in your fireplace make sure your chimney

has been cleaned, clear of any obstructions, and your flue is in the open position. And never dispose of hot ashes or candle wax in with your household garbage.

We can also always use help! Volunteers are in very short supply and we have classes starting just after the holidays if you ever thought about joining. More information on membership can be found at www.clintonems.org or by calling 908-735-4012 x126

EMERGENCY SERVICES

POLICE DEPARTMENT

NEW SUPERVISORS

Chief Kubinak is happy to announce that long time Clinton officers Tim McGuire and Jeff Ollerenshaw have been promoted to Sergeant. Tim and Jeff combined have over 40 years law enforcement experience.

NEW OFFICERS

We welcome our new officers Matt Ellis, Michael Del Russo and Jose Gonzalez. All three are recent police academy graduates and are replacing retired Clinton officers.

POLICE INFORMATION

Please check the police department's website, www.clintonnjpolice.com for information, and sign up for news and alerts.

NO SHAVE NOVEMBER

If you see a hairy man driving a police car during November, do NOT panic. Our department is participating in "No Shave November" to raise money for men's health. Funds collected will be donated to the RHO Foundation to honor Lt. Scott Oldenburg of Readington PD who succumbed to cancer at age 42. Scott was a great man, father, husband, police officer and friend. Please help your Town of Clinton Police Department as we are in a little competition with our surrounding departments.

FIRE DEPARTMENT

VOLUNTEER FIRE DEPARTMENT: WHAT IS THIS IMPORTANT

Each year in October the Clinton Fire Department (CFD) staffs an engine and visits Clinton Public School to discuss fire safety with students. They also provide tours and fire safety discussions with outside organizations. All of this as volunteers!

The CFD is a FULLY VOLUNTEER organization. Members are not paid to respond to emergency events, educational activities, training, meetings, fundraisers, equipment and building maintenance, to name just a few. Active members will put in up to 200 hours a month.

Yet volunteering as a first responder is declining and it has become more difficult to maintain and run the volunteer departments.

For more than a year the CFD has been part of the [North Hunterdon Fire Alliance](#), which includes the CFD as well as the Annandale, High Bridge, Lebanon Boro and Quakertown, and fire departments, providing reciprocal fire response service to our communities. But this only works with enough volunteers...Men and women who answer a higher calling, who provide their time to make the rest of us safer. They wake up at 2:00 am, or interrupt their family dinner, to respond to calls in minutes, not for money, but to serve our community.

We need your help. We need volunteers. We need people to train as firefighters. We need people who support our firefighters and help keep our department working. Consider helping your community by being a part of the volunteer organization that saves lives. Visit www.clintonfd.org to find out more.

CONGRESSMAN VISIT

In August we had the opportunity to meet with Congressman Tom Malinowski where we explained the financial burdens the fire departments incur with the State highways and facilities in our areas where we receive no financial support for incidents that we respond to. We had also discussed future grant applications and asked for support from the Congressman's Office.

PUBLIC SCHOOL NEWS

CLINTON PUBLIC SCHOOL NEWS

This fall Clinton Public School is entering the fifth and final year of its strategic plan focused on making our children curious, creative, and compassionate builders of the future.

Over the years, the strategic plan has led to the transformation of our media center and maker space; the creation of the middle school elective offerings; and many new partnerships, field trips, and unique learning experiences for our children.

Hopefully, you made it to the annual Halloween parade or have heard about the successful sports seasons, especially the boy's soccer team that won the championship. New this year, we also have Unified Sports Clubs for both soccer and street hockey.

CPS has begun conversations about potentially receiving students from Lebanon Borough in grades seven and eight starting next year. Lebanon's

application is currently under review by the commissioner of education, and we will keep you updated.
