Keep Clinton Clean - What You Can Do

There is an incredible simple fix. Just put your garbage bags and recycling items in containers that have lids that attach. On windy days, take a few extra seconds to consider the best placement for your containers that will minimize the potential for being blown over. And please remember that it is your responsibility to pick up your blown items, not the workers from Republic, our garbage hauler. It is up to us to keep Clinton a clean and safe place!

All recycling questions can be directed to
